

## Living Laudato Si Goals Each Day

<p>Sunday July 11</p>		<p>Click here to <a href="#">Read #1-48 of Laudato Si</a></p>
<p>Monday July 12</p>		<p>In general, there are fewer trees or no trees in areas of cities where the poor live. Trees give off oxygen, reduce stress, create beauty, buffer noise pollution, cool homes and streets... Become aware if this is true in your city.</p>
<p>Tuesday July 13</p>		<p>Google the economic importance of trees and forest to learn more.</p>
<p>Wednesday July 14</p>		<p>When buying gifts, purchase from a shop that sells goods from the developing world where they are often made by women and from natural products or reused items even though this may cost more.</p>
<p>Thursday July 15</p>		<p>Learn more about forests and trees in general by Googling.</p>
<p>Friday July 16</p>		<p>Pray with a leaf. "For me to contemplate a leaf, therefore, is not simply to withdraw into myself and think about myself; the leaf is not an incentive to find God. Rather, the leaf is God present to me in all its simplicity and beauty. As I contemplate the leaf, I contemplate the source of my life; as I contemplate my life, I discover new things." Ilija Delio</p>
<p>Saturday July 17</p>		<p>Deepen your involvement in a local or statewide environmental organization.</p>
